

Summer is filled with power,  
and everywhere you look  
there is a blooming flower.

You're invited, my little friend  
to go on this adventure  
and find my hidden den.

Your first clue is hidden  
where you get letters

Now that you  
have found your mail,  
have you ever wondered  
where we get ours?

Sneak ever so quietly  
to our fairy home  
in the garden and look  
for our mailbox.

I have spent months making  
a crystal gazing ball for you  
and my fairy friends.

It took a lot of water and  
clay to make the stand.

Find it hidden  
where the water flows.

I have been caring  
for the garden, making the  
strawberries grow.

Go seek the spot where  
the strawberries hide!

You have found my harvest  
and my summer pixie dust.  
Come and find me,  
I'm hiding behind a tree.

It is nice to meet you  
my friend, my name is Joy.

My favorite color is red and  
my favorite fruit are the ripe  
red strawberries.
